2010 Girls Volleyball

Welcome to the Palos Verdes High School Girls Volleyball program. We have an exciting program, and we hope that you are considering making girls volleyball at Palos Verdes High School part of your high school experience. We play in one of the top leagues in the country, against some of the very best competition. Our goal is not just to compete at the highest levels every year, but to win! At the same time, we strongly believe that there are few things as much fun as playing volleyball, and we are committed to making sure that this is true at Palos Verdes High School. We want every girl who comes through this program to feel that she became the best player possible, and that she had the time of her life getting there. If this is what you're looking for, we hope you join us

Best,

Coach Aaron Dyer
